BUSINESS NOTES.

Mrs. VanWray came up this morn-
ing on business.

Peter Sensback drove this morning
to Crothersville on business.

Hamer & Stewart this morning began
plastering the W. L. Johnson new resi-
dence.

John D. Clark and William Leslie are
tilling Senator Schneek's farm near
Surprise.

William Claycamp and family are in
the city from Surprise on business and
to purchase goods.

This has been the warmest day of the
year, the mercury marking 67 degrees
this morning at 5 o'clock and 84 de-
grees at noon in the shade.

Beware of Substitutes.
The great success of Cleveland's Su-
perior Baking Powder has led to many
imitations.

The genuine is made by the Cleveland
Baking Powder Co., New York City,
and has an orange colored label with
blue lettering. It is sold only at stores,
not by canvassers.

MARRIED.

Andrew N. Rinehart and Miss Anna
B. McEivaine were married at the resi-
dence of the bride's grandfather, J. J.
Frey, on east second street at 8 o'clock
yesterday evening by Rev. J. M. Bax-
ter. The newly married couple began
housekeeping in their new home on
Pine street.

Good Values.

High grade flour, 55 cents a sack.
Lard, 4 pounds for 25 cents. Berries
and vegetables at the very lowest cash
prices, at Mayes' cash grocery.

The county superintendents of the
state will hold a meeting at Indianapo-
lis next week. The compulsory school
law will be the chief topic for discus-
sion.

Do you feel as if everything is going
wrong, and as if you can not get enough
rest, always feeling languid and tired?
If so, take Dr. Bull's Pills, the unrival-
led tonic and nerve. 10 or 25c.

The court room at Salem is crowded
this week, on account of a church trial.
It is a suit between the Christian church
of Mount Tabor and church of Christ
of Mount Tabor, for the possession of
property a few miles from Salem. The
congregation is split over the question
of music and of the church, the old
style members holding out against
such innovations.

A Wholesome Soap.

Toilet soap, to be good, should be
as wholesome as good. The skin is as
sensitive as the stomach, and is as
quickly affected by impure soap as the
stomach is by unwholesome food.
With this fact in view, Alpha Cox,
the druggist, recently engaged one
of the most reliable soap makers in
the United States to prepare a speci-
al skin soap for his pharmacy. The soap
has been received at his pharmacy, and it
proves to be all that the proprietor desired in
so essential an article of the toilet—a pure,
perfumed soap, agreeable to the skin, and one
which, having once been used will be used
again, and cheerfully recommended to friends.
When you are purchasing toilet requisites
again, bear in mind Cox's Special Skin Soap.

GRAND BICYCLE PARADE.

The Cyclist of Seymour will be out in
large numbers this evening.

The second grand parade of Seymour
bicyclists will occur this evening. All
who will join the parade will please as-
semble on Chestnut street between the
post office and Peter's drugstore before
7:30 o'clock.

The lines headed by Mayor Bulder,
will start promptly at 7:30, and will
move east on Second to Broadway,
north on Broadway to Fifth, west on
Fifth to Ewing, north on Ewing to
Seventh, west on Seventh to Chestnut,
south on Chestnut to Sixth, west on
Sixth to Walnut, south on Walnut to
Laurel east on Laurel to Chestnut,
north on Chestnut to Fifth, east on
Fifth to Ewing, south on Ewing to
Second, and west on Second to starting
point.

A prize will be given to the best lady
rider. A first and second prize will be
given to the riders attracting most at-
tention, either coming or otherwise.

POLITICAL BREVITIES.

Judge Friedley, of Madison, is urged
by friends to become a candidate for
congress.

W. H. Cobb, of Aurora, is frequently
mentioned as one who would like to be
honored with the nomination for con-
gress.

The Lawrenceburg Press suggests
the name of Major J. E. Larimer, of
Lawrenceburg, as a suitable man for
the republicans to nominate for con-
gress.

Money Maker Wins.

In the 230 trot at Sidney, Ohio, yester-
day, A. N. Munden's horse, Money
Maker, won first money, winning three
heats out of five. Best time 2:27. The
purse was \$300.

"There's no use in talking," says W.
H. Broadwell, druggist, La Cygne, Kas.,
"Chamberlain's Colic, Cholera and Diar-
rhea Remedy does the work. After
taking medicines of my own preparation
and those of others I took a dose of
Chamberlain's and it helped me; a sec-
ond dose cured me. Candidly and con-
scientiously I can recommend it as the
best thing on the market." The 25 and
50 cent sizes for sale by C. W. Milhous.

The Columbus Times suggests that
the bicyclists of Columbus get up a
parade "like the one at Seymour a few
evenings ago."

Mr. Isaac Horner, proprietor of the
Burton House, Burton, W. V., and one
of the most widely known men in the
state was cured of rheumatism after
three years of suffering. He says: "I
have not sufficient command of language
to convey any idea of what I suffered,
my physicians told me that nothing
could be done for me and my friends
were fully convinced that nothing but
death would relieve me of my suffering.
In June, 1894, Mr. Evans, then sales-
man for the Wheeling Drug Co., recom-
mended Chamberlain's Pain Balm. At
this time my foot and limb were swollen
to more than double their normal
size and it seemed to me my leg would
burst, but soon after I began using the
Pain Balm the swelling began to de-
crease, the pain to leave, and now I
consider that I am entirely cured. For
sale by C. W. Milhous.

Wright's Celery Tea regulates the
liver and kidneys, cures constipation
and sick headache. 25c at all druggists.

BORN.

A son was born to H. K. Warder and

WANTED.—Copy of Daily Republican
for May 11, 1897 at this office.

Creating Favor by Advertising.

People are governed by their notions
and prejudices. Take two kinds of
goods of equal merit, the one well ad-
vertised and the other not advertised,
the odds are very much in favor of the
first, simply because people are familiar
with it. Everything is against the un-
known article and everything is in
favor of that which is well advertised.
Put the same baking powder, for in-
stance, into two boxes bearing different
trade-marks, one wellknown and the
unknown, and let the housewife try
them. Suppose by some accident both
become damp or musty, and fail to
make good bread. She will be more
charitable with the advertised article.
If she has been using this and find it
satisfactory before she will blame cir-
cumstances and not the powder. The
other brand will get the blame in any
event. In a sense, then, advertising is
the creating of notions and prejudices
in people's minds in favor of the good
advertised.—Advertising Experience.

Chaplain Thomas Jones who started to the R. M. Saturday did not get away as he was suddenly attacked with stomach trouble. He is able to be out today.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries, but their greatest achievement was made last year. It is a cordial that contains already digested food and is a digester of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the wasting of consumption.

There never has been such a step forward in the cure of indigestion as this Shaker Cordial. Your druggist will be glad to give you a little book descriptive of the product.

Give the babies LAXOL, which is castor oil made as palatable as honey.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with a grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop in hasty consumption. Having Dr. King's New Discovery in store and selling lots of it, he took a bottle home and to the surprise of all, she began to better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds, is guaranteed to do this good work. Try it. Trial bottles free at W. F. Peter's drug store.

Christian Church Revival.

William Railing has 20000 bricks delivered for paving the alley from Cox's pharmacy east to Indianapolis Ave.

HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a simple bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.

What Woman Owe to Society.

Woman stands as the sacred guardian of future homes and our nation's prosperity, and to her must we look for true reforms. To her standard must society conform. Let her be sure to place it high and keep it pure, and make it apply impartially to all people. Let her keep out those whom she knows fall short of her standard, and never condone in the weaker. Let her think not to elevate society by hiding or condoning the evils which surround her on every side but only by shutting out those whom she has found it impossible to raise to her standard. Then future generations will arise who will bless her for their heritage, instead of cursing her for their misery.—Dwight L. Moody in June Ladies' Home Journal.

Fourth of July.

The Jolly Six will celebrate the Fourth of July in the city park, at Seymour on Saturday July 3. They are arranging for a big celebration. A big bicycle parade will be one attraction and everyone who has a wheel is invited to join the parade. One stand privilege will be sold to the highest bidder. Sealed bids will be received until noon June 26. Bids addressed to George Hopewell, president, may be left in care of this office. Right reserved to reject any or all bids. There will be plenty of amusement. Everybody is invited to come. Admission free. dwf

HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. DIRECT SCHOONER.

The General Siglin Picked Up by the Cutter Corwin.

PORT TOWNSEND, Wash., June 11.—Steamer City of Topeka has arrived from Alaska. While she was at Sitka the revenue cutter Corwin towed in the direct schooner General Siglin, which was wrecked while en route from San Francisco to Unalakleet and from which all on board were lost. Only one body was found on the schooner, that of a 6-year-old son of Manager Greenfield of the Alaska Commercial company, who with his wife and three children, sailed on the ill-fated steamer from San Francisco. It is thought all on board were drowned before leaving the schooner and that their bodies were afterward washed out, as all the ports and hatches were open.

A bag containing \$2,000 in gold was found on the steamer. The Siglin was very nearly under water when found but is very little damaged.

Jackson-Harmsworth Expedition.

LONDON, June 11.—The steamer Windward started again for Franz Josefland yesterday in order to bring back from the Arctic regions the members of the Jackson-Harmsworth expedition who have now spent three winters at their little Arctic settlement, Elanwood, near Cape Flora, where they erected an observatory 3,000 feet above the sea level.

TALK ABOUT SUGAR

Senate Reaches the Trust's Schedule of the Tariff Bill.

NO BOUNTY FOR THE FARMERS.

House Passes a Resolution to Enable Consuls to Draw Their Pay—Report on the Condition of Wheat by the Agricultural Department—Other Washington News.

WASHINGTON, June 11.—The long deferred debate on the sugar schedule of the tariff bill came on abruptly yesterday after the senate had disposed of the cereals in the agricultural schedule. The interest in the sugar schedule had been whetted for weeks and aside from the fact that more revenue is derived from sugar than from any other article there was the added interest due to the sensational charges made of late, within and without the senate concerning irregularities in connection with the progress of the schedule. But the debate failed to develop any dramatic incidents. Senators and spectators soon lapsed into a state of indifference as the speeches dealt with a labyrinth of technical details of vital interest to the sugar refiner and expert, but not to the general public. Mr. Jones (Ark.) opened the debate, to some extent answering Mr. Aldrich's statement on the sugar schedule. It was argumentative and lacking in any severe denunciatory features. The senator held that the rates proposed gave the refiners an excessive differential, and pointed out how they had thrived on one-eighth differential of the present law.

Mr. Vest severely criticised the sugar tariff and argued that the rates were a further tribute to its vast resources. Mr. Caffery (Ia.) also opposed the schedule as a whole. No final action was taken on any feature of the schedule, further than the withdrawal of the original senate committee amendments. This leaves the house provisions of the bill, with an amendment increasing the sugar differential from 875-1,000 to 95-100 cents per pound. The provisions relating to the Hawaiian island went over by mutual consent.

Early in the day Mr. Tillman (S. C.) made a lively speech in favor of the amendment giving an export duty on agricultural products. He took occasion in this connection to criticize his Democratic associates who were giving a strict and literal construction to the Democratic doctrine of a tax for revenue only. The bounty amendment was defeated 19 to 59.

In the House.
James T. Lloyd, who was recently elected to succeed the late Representative Giles of the First Missouri district, took the oath at the opening of the session of the house yesterday. Mr. Hitt (Rep. Ill.) asked unanimous consent for the consideration of a joint resolution for the payment of salaries of certain consular generals and consuls, the names of whose posts were changed in the last consular and diplomatic bill. He explained that unless immediate provision was made these officials could not draw salary after July 1. There was no objection and the resolution was passed. The house then adjourned till Monday.

CROP REPORT.

Statistics Showing Condition of Wheat on June 1.
WASHINGTON, June 11.—Statistician Robinson of the agricultural department has issued the following wheat crop report, Mr. Hyde, the new statistician, not taking charge until after this report:

The report of June 1, consolidated from the returns of township, county and state correspondents of the department of agriculture, makes the acreage of winter wheat at present growing, after allowance for abandonments, 94.6 per cent of the area harvested last year, or 89.9 per cent of the area sown in the fall of 1896. This in round numbers is 21,562,000 acres. The percentage of winter wheat acreages, upon the basis indicated, of the principal winter wheat states are as follows:

Ohio, 97; Michigan, 99; Indiana, 94; Illinois, 91; Missouri, 90; Kansas, 97; California, 105. In New York, Pennsylvania, Delaware, Virginia, North Carolina, Alabama, Texas, Arkansas, Tennessee, West Virginia the area shown compared with that last year has been materially increased. The condition of winter wheat has fallen since the report of May 1, being 78.5 per cent against 80.2 on that date, a decline of 1.7 points. The condition of June 1 last year was 77.9. The per cent of the principal states are: Ohio, 88; Michigan, 97; Indiana, 94; Illinois, 91; Missouri, 90; Kansas, 97; California, 105.

HEAVY RAIN STORM

Great Damage to Property in New England States.

IOWA VISITED BY A CYCLONE.

Twenty People Reported Injured at Lyle and One Killed—Tore Up Houses and Buildings and Left Its Track Bare. Telegraph Wires All Down—Freight Cars Blown to Splinters.

BOSTON, June 11.—The northeastern rainstorm which set in Thursday, and which was apparently the culmination of a week of dull easterly weather, appears to have last night blown itself out. The storm has been almost unprecedented for this month, many years having passed since rain has fallen so heavily in June. The storm was apparently confined to Massachusetts and the regions northward, scarcely any rain falling south of the state line. The destruction to life and property by reason of the storm has also been surprising, particularly along the various branches of the Boston and Maine railroad. Washouts have multiplied and a freight wreck at Exeter, N. H., in which three trainmen were killed, was due directly to the storm. The loss to the road by the storm will be fully \$15,000.

Every town in Maine, New Hampshire and Vermont situated on a stream of considerable size, reports more or less damage by high water, while the low lands all through this region are flooded. At Dover, N. H., where in 1896 four bridges and a business block were carried away by the floods, the Cochecho mills have suspended operations. Along the Merrimack river, particularly at Concord, N. H., there was some destruction of property. In that city one of the peculiar results of the overflow of Peacock lake is that the city's water supply has been cut off, as the water has been diverted from the service pipes.

NOT GOING TO CUBA.

New York Sails From Boston Under Sealed Orders.

WASHINGTON, June 11.—The navy department officials are singularly reserved about the movements of the New York, which sailed from Boston under sealed orders yesterday, and show a reluctance to answer any questions. Secretary Long, in answer to a direct interrogation, replied: "The New York is not going to Cuba; she will next be heard from at some point on the Atlantic coast well north of Cuba." The secretary refused to answer further, standing on the short reply above given. The chief of the navigation bureau, who usually is always ready to tell one word as to the destination of the New York. It was learned, however, that the cruiser is expected to report next at Hampton Roads, Va.

Calhoun Goes Home.
WASHINGTON, June 11.—Mr. Calhoun left the city last night for his home in Danville, Ill. He expects to return to the city probably next week or as soon as the president desires to consult him further regarding affairs in Cuba.

EASTERN SITUATION.

Sultan Not Ready to Accede to the Powers' Demand.
LONDON, June 11.—A Constantinople correspondent of The Standard says: "At Tuesday's conference of the ambassadors for the discussion of the terms of peace Tewfik Pasha was present, armed with categorical instructions to persist in the retention of Thessaly, given him by the sultan personally. When the conference ended the sultan summoned his ministers to a special council at the Yildiz Kiosk, which sat until 2 o'clock in the morning of Wednesday."

The decision arrived at was that the evacuation of Thessaly was impossible, but that there was no necessity for precipitate action. Being in possession, the porte, it was argued, was able to wait patiently and even indefinitely while discussing academically point after point with the powers. It was also decided to continue actively the preparations for war.

What Germany Wants.
ATHENS, June 11.—Extraordinary rumors are current as to the attitude of Germany. It is alleged that the German government seeks to overthrow the Greek dynasty and to establish a rigorous control of Greek finances. In order to attain this double object Germany wants a continuance of the war and to have the terms of peace finally dictated in Athens itself. These statements seem scarcely worthy of credence, but it is probable that Germany will continue to press for financial control.

HONORING M'KINLEY.
Tomorrow Declared a Public Holiday. Fireworks Tonight.

NASHVILLE, June 11.—Bunting, gay colors, flags and decorations were in evidence all along the line of march of the procession escorting President and Mrs. McKinley and party to the exposition grounds today. The coming of the president of these United States aroused the community and the interest extended to neighboring towns. The programme of exercises was strictly adhered to, and tonight all Nashville will attend to honor the president and listen to the specially prepared programme to be rendered by Imus band and view the most gorgeous display of fireworks ever witnessed in the south.

Mayor McCarthy has issued his proclamation declaring tomorrow a public holiday and calling upon all the people to shut up shop, attend the exposition and participate in the popular reception to be given the president in the Auditorium.

Professor Hinton's Baseball Pitching Machine Tried at Princeton.

PRINCETON, N. J., June 11.—Professor Hinton's patent baseball pitching machine was a decided success yesterday. Eight strikeouts, one base on balls, one wild pitch and four safe hits is the record in three innings in the first fair test of the machine's practicability in an actual game. Nines representing the Ivy club and Tiger Inn club played a match game, using the machine to pitch for both teams, and the contest attracted a large crowd of interested spectators, prominent among whom were Mrs. Cleveland, with a party of friends, and many Princeton professors, who came to see what success Professor Hinton's invention would meet.

GRAIN DEALERS.

Meeting of Their National Association Soon to Be Held.

DES MOINES, June 11.—The first annual meeting of the Grain Dealers National association will be held in this city June 29 and 30. Prior to last summer there had been no action among grain men looking to the formation of a national organization, the mutual protection of its members and some needed reforms. At this meeting will be present a large number of prominent grain men from Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Nebraska, Kansas and Missouri and they will discuss uniformity of trade rules, the creation of friendly relations with common carriers, formation of a bureau of crop information, the cost of insurance and other matters pertaining to the trade.

EARLY SNAKE STORY.

Child's Narrow Escape From an Alleged Boa Constrictor.

VERMILION, Ky., June 11.—John Ready, a farmer living south of here, is exercised over the belief to be a boa constrictor that has escaped from some traveling circus. Mr. Ready went to a plow, taking with him his 3-year-old child, whom he left to play in the shade near the fence. After a time Ready's horses became panic-stricken and attempted to run away. Ready's attention was thus directed to a large reptile struggling to squeeze through the panels of the fence near his child, and had come fastened. The snake pulled itself backward and escaped before Mr. Ready reached the fence. The hole that the reptile was unable to get his body through measured six and a half inches in diameter.

MURDERER SOPER.

KANSAS CITY, June 11.—According to a telegram received by Chief of Police Kallins, Rates Soper, who murdered his wife and two children at Archie, Cass county, Mo., six years ago has been captured in Ashland, Or., by Policemen Sam E. Lowe of Kansas City. Requisition papers for his return have been issued and he will be brought back for trial at once. He has made a full confession. Soper killed his wife and children on Wednesday, April 22, 1891, at his home in Archie, by beating them to death with an ax.

WORTH \$5,000.

Mammoth Birdseye Walnut Knot Tree in Kentucky.

VERMILION, Ky., June 11.—A \$5,000 knot is a rarity in this country. Mr. Thomas H. Bradley, who buys walnut timber throughout Kentucky for export, shipped from Shelbyville, Ky., to Philadelphia a mammoth birdseye walnut knot cut from a tree on the farm of Thomas Jesse that is valued at the above amount. It is six feet in diameter and weighs 4,000 pounds, and is believed to be the largest and most beautiful specimen ever exhibited.

algia of the Heart
Suffered from just such a condition of the heart as that which is the cause of the distressing habit of its predecessors, the vigorous way in which the upper branch of the Fifth-fifth congress has been pushing the tariff bill, up to date, is like the speed of a locomotive in contrast with that of a lumber-wagon. Has the example of the house, under the leadership of Hon. Thomas B. Reed, had a radical and permanent effect at the other end of the capitol?

The McKinley tariff bill, after passing the house, was reported to the senate from the finance committee June 18, 1890. It was not passed by the senate till September 10. The discussion lasted nearly three months. The Wilson bill, after passing the house, was reported to the senate from the finance committee March 20, 1894. The tariff debate dragged along for fourteen weeks. Not until July 3 was the amended bill finally brought to a vote in the upper branch.

The pending tariff measure came from the finance committee May 25. At the rate of progress during the past two weeks, the bill should reach a vote by June 5. Unless there are obstacles not now visible, the senate will certainly dispose of the bill before July 1. This will be less than one-third of the time consumed by the senate in shaping and passing the tariff bill of 1894.—Times Star.

SERENADER SHOT.
Sole Teacher Fires into a Party Killing a Young Lady.
Little Rock, Ark., June 11.—Miss Laura Goodman, one of the most popular society belles of Dardanelle, was killed in a most shocking manner at Dardanelle, Ark. The Yell County Normal is being held at that place and a large number of teachers are in attendance. A party of young ladies and gentlemen went out serenading and went to a house where a young teacher named Lipp was staying. When awakened by the serenaders Lipp deliberately fired a pistol shot in the serenading party. The bullet struck Miss Goodman in the neck causing instant death. The murderer was arrested and spirited away to Danville to a jail.

MINISTER TO SPAIN.
List of Those on Whom the Honor May Fall.
YELLOW SPRINGS, Va., June 11.—It was announced here yesterday after the presidential train left that the president's selection for minister to Spain will be from the following men: Ex-Congressman John Little of Xenia, O.; John M. Kasson of Iowa, Charles H. Bryan of Illinois and Stewart L. Woodford of Brooklyn. It was said that the president would select John Little will be charged the position.

Congressman Is Guilty.
CLEVELAND, O., June 11.—Charles N. Cunningham was found guilty in the criminal court yesterday of forging the name of Judge E. T. Hamilton to a check for \$50,000.

County Superintendents.
INDIANAPOLIS, June 11.—The 34th annual session of the County Superintendents' association will be held in the state capital June 16 and 17. Mrs. E. L. Olcott of North Vernon will read a paper on "Nature's Work in the Garden."

Brakeman Killed.
MILWAUKEE, Ind., June 11.—T. H. Jones, head brakeman, of Brazil, was run over and killed by the cars here. The crew was making a running switch when he fell under the wheels. He was unmarried.

Freight Wreck on the Panhandle.
WINTONA, Ind., June 11.—A freight wreck occurred here on the Panhandle yesterday, several cars being derailed and considerable damage done. No one was seriously injured. Travel was delayed several hours.

Poisoning Valuable Dogs.
FRANKLIN, Ind., June 11.—Evidently there is a "Jack, the Dogkiller" here, as recently 25 valuable dogs have been poisoned by some unknown parties. Several parties have found poisoned meat in their yards.

Albin Boel Dead.
BOWLING GREEN, Ind., June 11.—Albin Boel, 72 years old, a prominent resident of this place, is dead. He was a cousin of General Don Carlos Boel of Kentucky.

Barratt Re-elected.
YOSMITH, Cal., June 11.—Governor Barratt has granted Durrant a reprieve until July 9.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors professed to cure a local disease, and prescribed local remedies, and by constantly calling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Cathartic Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a tea-spoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. FAST WORK.
A new and commendable spirit seems to have taken possession of the senate. It has at last become a business body. Compared to the distressingly deliberate habit of its predecessors, the vigorous way in which the upper branch of the Fifth-fifth congress has been pushing the tariff bill, up to date, is like the speed of a locomotive in contrast with that of a lumber-wagon. Has the example of the house, under the leadership of Hon. Thomas B. Reed, had a radical and permanent effect at the other end of the capitol?

PUSHING THE TARIFF BILL.
No Such Speed Ever Made in the Senate With Similar Legislation.—Effects on Business.

WASHINGTON, D. C., June 11, 1897.—Events have moved rapidly in Washington this week. The senate, realizing the pressure which is being brought upon it by the country for rapid action on the tariff bill, has held sessions early and late and pushed through the bill at a rate of speed absolutely unparalleled in the history of that ordinarily slow-going body. To see a senate controlled by no cloture rules and no system such as that by which the House expedites business move at the speed which this one has moved upon a subject which ordinarily takes such a vast amount of time in that body is unprecedented.

THE SENATE PUSHING THE TARIFF.
It is sometimes possible, upon subjects which have no party bearing and do not involve vast consequences, to obtain speedy consideration by the senate. But that a body not controlled by the republican party, or by any other single party, indeed having no rules by which debate can be controlled, should be able to take up and make the progress upon a purely party measure, such as a protective tariff bill, that has been made by the senate since it has begun work upon this measure, is an entirely unheard-of thing. That this should have happened within a few months of the close of one of the most bitterly fought campaigns that the country has ever seen is the more remarkable. And that people should go on complaining because still greater speed is not made under these remarkable circumstances can scarcely be accounted for, except upon the theory suggested by a gentleman recently quoted in this correspondence that the state of nervous prostration to which the Cleveland administration brought the country has rendered the people to some degree irresponsible and unwilling to measure things expected by those that have happened in the past.

NO SUCH SPEED EVER MADE.
People who are impatient about the supposed delay of congress in passing the tariff bill should look into the history of tariff legislation in the United States. No congress, even when both of its branches were controlled by a single party, has, within the memory of the present generation, made the progress which this one has with a tariff bill, and no president since Washington has had an opportunity to attach his signature to a tariff law within as brief a space of time after his inauguration as will William McKinley, unless some entirely unexpected development shall interrupt the progress toward its early completion. There is good reason to believe that the tariff bill will pass the senate within the present month and that President McKinley will have an opportunity to sign it within four months of the date of his inauguration. Even President Lincoln, who came into office under extraordinary conditions and circumstances and with war in prospect, did not sign his first tariff act until August 5, 1861. President William Henry Harrison called congress in special session shortly after his inauguration on March 4, 1841, because of the condition of finances and revenue, yet that congress did not put its tariff bill upon the statute books until August 30, 1842. President Polk, who was inaugurated on March 4, 1845, did not sign his tariff act until July 30, 1845. Pierce who was inaugurated in 1853, signed his tariff act March 3, 1857. Grant was inaugurated March 4, 1869, and signed his first tariff act July 14, 1870, and another June 6, 1872. The Garfield administration was inaugurated March 4, 1881, yet the tariff act signed by President Arthur was dated March 3, 1883. President Benjamin Harrison was inaugurated March 4, 1889, and signed his first tariff act October 1, 1890. Grover Cleveland and his free trade congress came into power March 5, 1893, yet the Wilson tariff which he refused to sign, did not become a law until August 28, 1894. In nearly all of the above cases both branches of congress were in accord with the executive politically, a single party controlling senate as well as house. When it is considered that the republican party, which controls the house, has now but 43 of the 89 members of the senate, the fact that its leaders have been able to make the speed which they have developed in

WOMEN DISCOURAGED.
Good and Sufficient Reasons for the Blues.
Doctors Fail to Understand Symptoms That Are Danger Signals.

A marked trait in woman's character is to place implicit confidence in her physician.

A man must work entirely from theory in the treatment of female diseases, for unfortunately facts based upon actual knowledge, belong to the female sex alone. Many women who periodically suffer with attacks of faintness, dizziness, extreme lassitude, "don't care" or want-to-be-left-alone feeling, do not at first realize that these are the infallible symptoms of womb trouble and the forerunners of great suffering.

Soon they grow to feel that the doctor does not understand their case. Then they remember that "a woman best understands a woman's ills," and turn to Mrs. Pinkham.

The following letter is but one positive illustration of this fact:—
"Four years ago I began to suffer with great weakness of the generative organs. My womb was prolapsed; I suffered with continual headache and all the other pains that accompany that weakness. I tried doctor after doctor, had operations. The final operation after which I became total wreck, was scraping of the womb. A friend, one day, recommended to my husband your Compound. He bought me a bottle. The relief I experienced after taking it, was wonderful. I continued its use, and I am glad to say my recovery is a perfect surprise to everybody that knows me."—Mrs. B. BLUM, 4940 San Francisco Ave., St. Louis, Mo.

the consideration of this and other important legislation should satisfy the most exacting, if they but take the trouble to compare present conditions and present progress with that of any other period in the history of the country.

BUSINESS CONTINUES TO REVIVE.
Notwithstanding the fact that the tariff bill has not yet been placed upon the tariff books, and that the revival of industries and business cannot be expected to make itself apparent in a full degree until such action shall be had, the reports from business centres which reach members of congress here are extremely gratifying. Dan's life view, which is accepted as a reliable business barometer, not controlled or influenced by political or other causes, presents the most satisfactory trade statement for last week that has been made since the present business depression began. That statement was remarkable in its showing of the decided decrease in embarrassments in all branches of trade and in reports of unusual activity in all the industries in anticipation of the passage of the tariff bill. The failures reported in most branches of trade are less in number than at any time in the last thirty-six months.

PROSPECTS OF ACTION ON CUBA.
The return of Special Commissioner Calhoun from Cuba revives interest in the situation in that unfortunate island and in the prospective action of the administration. It is believed that President McKinley and Secretary Sherman are now likely to have sufficient information within a comparative short time to enable them to act intelligently and in a way which will bring relief and encouragement and substantial aid not only to American citizens in Cuba, but to those who are struggling in behalf of the cause of liberty.

Old People.
Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitter. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents and \$1.00. Get a bottle at W. F. Peter's drug store.

FIGHT WITH TRAMPS.
Officers Battle With Hobos For the Possession of a Freighthouse.

NEW OIL BOOM AT ALEXANDRIA.
Freight Wreck on the Panhandle—County Superintendents—Accidentally Killed His Brother—State Sunday-school Convention—Attorney Bosworth Not Satisfied With Judge Baker's Allowance.

WHITING, Ind., June 11.—A desperate battle took place yesterday between eight tramps who had taken possession of a Lake Shore and Michigan Southern freight house and two police officers during which two of the tramps were wounded. The tramps had refused to vacate the building when requested to do so by the yard watchman and when the town officers arrived a fight ensued. The officers were finally forced to use their revolvers and succeeded in capturing all of the tramps. The presence of a Lake Shore train gave rise to rumors that a hold up had been attempted.

WANTS HIS FEE.
Judge Baker's Allowance Unsatisfactory to Attorney Bosworth.
PORTLAND, Ind., June 11.—Thomas Bosworth, attorney, has brought suit against Flora Evans, who recently recovered \$7,000 damages from the Lake Erie and Western Railroad company in Judge Baker's court at Indianapolis, claiming an additional fee of \$1,700, basing it on a contract by which he was to receive 50 per cent of total collection. Judge Baker allowed Bosworth and his associate attorneys, Messrs. Holstein & Barrett of Indianapolis and Emerson McGriff of this city, altogether \$1,800.

STATE SUNDAY-SCHOOLS.
Convention to Be Held at Winona Park Next Week.
WINONA, Ind., June 11.—The 33rd annual convention of the State Sunday-school association will be held here beginning next Tuesday and will continue three days. All roads in the state have given a one-fare rate plus 25 cents for admission to the grounds. Arrangements have been made for refunding the admission fee to Sunday-school workers.

MAN MISSING.
Leaves Home Because His Sister Reproved Him for Intoxication.
CONNEERSVILLE, Ind., June 11.—George Meyers, 50 years old, disappeared last Thursday night and nothing has been heard of him since. That night he came home to supper late and was intoxicated. His sister, with whom he boarded, reproved him for staying away. He left the house saying he would go where he would trouble no one any more. No trace of him has since been found.

ACCIDENTAL SHOOTING.
Edward Metcalf Fires a Bullet Into His Brother's Brain.
ST. PAUL, Ind., June 11.—Edward and Cleveland McGee, aged 14 and 15 respectively, were playing with a rifle and while the former was handling the gun it was discharged. The bullet struck Cleveland between the eyes killing him instantly. Edward is almost crazed with grief.

Cut the Conductor and Brakeman.
INDIANAPOLIS, June 11.—Superintendent Darlington of the Pennsylvania company has received a telegram from Louisville stating Conductor Robertson and Brakeman Shipman, who were probably fatally cut by a drunken man named Brown near Sellersburg, whom they were trying to put off the train, were resting easy. There is great excitement along the road south of Seymour and if the men do not recover Brown will probably be lynched. Both men are well known and liked along the line.

Oil Boom at Alexandria.
ALEXANDRIA, Ind., June 11.—The oil excitement here is being renewed. The Black & Harmon well is flowing 175 barrels every 24 hours and is steadily increasing. 674 prospectors are again filling up the town and representatives of the Standard Oil company arrived yesterday.

Hotelkeeper Dead.
ANGOLA, Ind., June 11.—Mrs. Peter W. Russell is dead. She was landlady of the Russell hotel for nearly 30 years.

"Chamberlain's Colic, Cholera and Diar-
rhoea Remedy does the work. After
taking medicines of my own preparation
and those of others I took a dose of
Chamberlain's and it helped me; a second
dose cured me. Candidly and con-
scientiously I can recommend it as the
best thing on the market." The 25 and
50 cent sizes for sale by C. W. Milhous

The Columbus Times suggests that
the bicyclists of Columbus get up a
parade "like the one at Seymour a few
evenings ago."

Mr. Isaac Horner, proprietor of the
Burton House, Burton, W. V., and one
of the most widely known men in the
state was cured of rheumatism after
three years of suffering. He says: "I
have not sufficient command of language
to convey any idea of what I suffered,
my physicians told me that nothing
could be done for me and my friends
were fully convinced that nothing but
death would relieve me of my suffering.
In June, 1894, Mr. Evans, then sales-
man for the Wheeling Drug Co., recom-
mended Chamberlain's Pain Balm. At
this time my foot and limb were swollen
to more than double their normal
size and it seemed to me my leg would
burst, but soon after I began using the
Pain Balm the swelling began to de-
crease, the pain to leave, and now I
consider that I am entirely cured. For
sale by C. W. Milhous.

WANTED.—Copy of Daily REPUBLICAN
for May 11, 1897 at this office.

Creating Favor by Advertising.

People are governed by their notions
and prejudices. Take two kinds of
goods of equal merit, the one well ad-
vertised and the other not advertised,
the odds are very much in favor of the
first, simply because people are familiar
with it. Everything is against the un-
known article and everything is in
favor of that which is well advertised.
Put the same baking powder, for in-
stance, into two boxes bearing different
trade-marks, one wellknown and the
unknown, and let the housewife try
them. Suppose by some accident both
became damp or musty, and failed to
make good bread. She will be more
charitable with the advertised article.
If she has been using this and found it
satisfactory before she will blame cir-
cumstances and not the powder. The
other brand will get the blame in any
event. In a sense, then, advertising is
the creating of notions and prejudices
in people's minds in favor of the good
advertised.—Advertising Experience.

Chaplain Thomas Jones who started to the R. formatory Saturday did not get away as he was suddenly attacked with stomach trouble. He is able to be out today.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries, but their greatest achievement was made last year. It is a cordial that contains already digested food and is a digester of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the wasting of consumption.

There never has been such a step forward in the cure of indigestion as this Shaker Cordial. Your druggist will be glad to give you a little book descriptive of the product.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with a cold, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop in hasty consumption. Having Dr. King's New Discovery in store and selling lots of it, he took a bottle home and to the surprise of all, she began to better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds, is guaranteed to do this good work. Try it. Trial bottles free at W. F. Peter's drug store.

Christian Church Revival.

Subject for this evening: "The promised land." Six additions last night making fifty-three since the meeting began and seventy-three since Elder A. P. Bear's pastorate began. All are invited to attend these services.

Fireman Ed Boyles and his bride were taken by surprise last night at the home of his parents by many of his young friends, who gave Mr. and Mrs. Boyles a genuine and pleasant surprise. The Pomeroy orchestra was present and rendered some choice music. Refreshments were dispensed with a lavish hand.

What Woman Owe to Society.

Woman stands as the sacred guardian of future homes and our nation's prosperity, and to her must we look for true reforms. To her standard must society conform. Let her be sure to place it high and keep it pure, and make it apply impartially to all people. Let her keep out those whom she knows fall short of her standard, and never condone in the stronger sex what she condemns in the weaker. Let her think not to elevate society by hiding or condoning the evils which surround her on every side but only by shutting out those whom she has found it impossible to raise to her standard. Then future generations will arise who will bless her for their heritage, instead of cursing her for their misery.—Dwight L. Moody in June Ladies' Home Journal.

Fourth of July.

The Jolly Six will celebrate the Fourth of July in the city park, at Seymour on Saturday July 3. They are arranging for a big celebration. A big bicycle parade will be one attraction and everyone who has a wheel is invited to join the parade. One stand privilege will be sold to the highest bidder. Sealed bids will be received until noon June 26. Bids addressed to George Hopewell, president, may be left in care of this office. Right reserved to reject any or all bids. There will be plenty of amusement. Everybody is invited to come. Admission free. dwf

IMPRISONED IN ICE.

Twenty-Six Fishing Vessels Imprisoned on the Newfoundland Coast.

GLOUCESTER, Mass., June 11.—Advices received from Newfoundland are to the effect that the schooner Concord, of this port, together with about 35 other Gloucester vessels, including Halibut catchers and codfishers, is imprisoned in the ice on the Newfoundland coast. The vessels are on the eastern coast of the island, in the vicinity of Baylands and St. John, which section is practically barricaded by immense fields of ice.

NEWS IN BRIEF.

Ladenburg, Thulman & Co. shipped \$200,000 of gold from New York to Europe.

The Universal Postal congress delegates have arrived at Boston on their way to Washington.

The grand jury has indicted the president of the defunct Washington State bank at Minneapolis.

A Chicago and Milwaukee syndicate has just bought 3,000,000 of coffee lands in the territory of Tepic, Mexico.

A Rome dispatch says that a cyclone has devastated the valley of Capriano, Italy. All crops are destroyed. There is also a great loss of silkworms.

The German Baptists of the United States, meeting at Frederick, Md., have decided to hold their next annual meeting in the northern district of Illinois.

HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, cures every ailment in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scaling pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest of its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.

DIRECT SCHOONER.

The General Slight Picked Up by the Cutter Cowin.

PORT TOWNSEND, Wash., June 11.—Steamer City of Tepeka has arrived from Alaska. While she was at Sitka the revenue cutter Corwin towed in the direct schooner General Slight, which was wrecked while en route from San Francisco to Unalak and from which all on board were lost. Only one body was found on the schooner, that of a 6-year-old son of Manager Greenfield of the Alaska Commercial company, who, with his wife and three children, sailed on the ill-fated schooner from San Francisco. It is thought all on board were drowned before leaving the schooner and that their bodies were afterward washed out, as all the ports and hatches were open.

A bag containing \$2,000 in gold was found on the schooner. The Slight was very nearly under water when found but is very little damaged.

Jackson-Harmsworth Expedition.

LONDON, June 11.—The steamer Windward started again for Franz Josefland yesterday in order to bring back from the Arctic regions the members of the Jackson-Harmsworth expedition who have now spent three winters at their little Arctic settlement Elmwood, near Cape Flora, where they carried an observatory 2,000 feet above the sea level.
